We can source any type of flooring to order including exotic timbers and different hand finishes

Floor Maintenance Kits

We supply a variety of floor maintenance kits all from the manufacturers of the finishes we use to ensure complete compatibility. The basic information below is intended to help you find the right product in the floor maintenance kit section on the left hand side of the web site. You can also purchase individual items.

WOCA (which stands for **WO**od-**CA**re) is one of the strongest brands for the highest quality finishes and floor care solutions. It is a Danish company and the Danes have been oiling their floors for centuries. WOCA believes in preparing today for tomorrow. They have integrated solutions and make it as easy as possible for you to care for your floor, which is a lifetime investment once it has been installed. The kits below will not only keep your floor looking good but will also help protect it against wear and tear. To see how to use and also what is in each kit including prices please go to the Floor Maintenance Kits section on the left hand side of this web site.

NEW Soap Oil from WOCA for oiled floors

The **new** soap oil cleans and oils the floor at the same time This can be used on both natural and UV oiled floors. Prices are on the web site in the maintenance kits section. This is the perfect solution to reduce cleansing and maintenance time.

WOCA Maintenance Box for Lacquered and Aluminium Oxide Surface

All in one box this kit for our aluminium oxide finished floors is especially suitable for regular maintenance. The box is available in mat and high gloss depending on how you want your floor to look. The lacquer soap will not leave a soap film.

WOCA Maintenance Box for UV Oiled Floors

You have everything you need in one box for cleaning and maintain our UV oiled floors. The paste that comes with this kit is for the refreshing and replenishing teh floor especially designed for our UV oiled floors.

WOCA Maintenance Box for NATURAL Oiled Floors

All in one box the natural soap in the kit quickly closes the pores of the wood and protects against dirt and penetration of liquids. The oil is used to replenish the floor.
