

## Product information sheet

**Product code:** 6929

**Description:** Vapourstop sealing strip for use with Interfloor wood/laminate underlays

**Size:** Roll measuring 250mm wide by 50m long

**Construction:** 12 micron polyester barrier, metallised on one side

## Product properties

**Oxygen barrier :** Typical value; 0.5  
(cc/m<sup>2</sup>/24 Hrs 23°C 50% R.H.) Specification limits 99%<1.0  
Test method; Mocon Oxtran

**Moisture barrier:** Typical value; 0.5  
(g/m<sup>2</sup>/24 Hrs 38°C 90% R.H.)  
Test method; EPS

**Optical density:** Typical value; 2.0 – 2.5  
Test method; Tobias Densitometer Specification limits; 99% within range 2.3-3.0  
Typical visible light transmission: 01.-0.3%

**Metal adhesion:** >99%
