NOTE: All our Engineered Herringbone and Chevron parquet blocks have a product code starting in the 900's

Please make sure that you replace any drawers that are removed back into the correct location. This will make it easier for others to find what they are looking for.

We appreciate your assistance in doing this and also making sure the drawers are put back in at a downward angle so that they locate in the runners correctly.

Please call 01666 504015 if you need any assistance whilst reviewing the samples or arrange a personal meeting at The Building Centre.
